GOURAV

Aspiring Data Scientist

gouravbh786@gmail.com www.linkedin.com/in/gourav-bhatia-418ba0289 | https://github.com/Gourav123125
Gurgaon, Haryana, India

SUMMARY

I am an aspiring Data Scientist with hands-on experience in data wrangling, data cleaning, exploratory data analysis, and data visualization. Skilled in Python, SQL, and various data visualization tools, I am passionate about transforming raw data into actionable insights to foster data-driven decisions. I have built several end-to-end data analysis projects, showcasing my capabilities in statistical analysis and predictive modeling

EDUCATION

B.Tech in CSE(AI/ML)

Shri Vishwakarma Skill University

09/2023 - 09/2027

Senior Secondary Examination

St.Peter Senior Secondary School

04/2022 - 03/2023

EXPERIENCE

Director

Trackila Smart Innovations Pvt. Ltd

01/2025 - Present

A dynamic company focused on innovation in technology and business solutions

- Leading the development of **real-time transport tracking solutions** to enhance public mobility and commuter convenience
- Overseeing **strategy, innovation, and team operations** to drive the company's vision for smart transportation.

Google Student Ambassador

Google

10/2025 - Present

Company Description

- Representing Google on campus by promoting **Gemini AI tools and features** to foster AI literacy and innovation among students.
- Conducting sessions and awareness campaigns on **AI integration, productivity, and real-world applications of Gemini**.

Social Media Manager

Technical Club, SVSU

05/2024 - Present

A student-led club that promotes technical skills and knowledge among students

- Managing social media strategies and engagement for the Technical Club
- Promoting technological events and initiatives within the student community

SKILLS

Python **SQL** **TensorFlow** **Machine Learning** **C/C++** **PowerBI** **Natural Language Processing** **Pandas** **Matplotlib** **Open CV** **Deep Learning** **LSTM** **GCP** **Looker Studio**

PROJECTS

Stock Market Price Predictor Model

https://github.com/Gourav123125/Stock-Predictor

A stock market prediction model leveraging machine learning techniques

- Analyzed S&P 500 index data using the Yahoo Finance API
- Built a machine learning model to predict future stock prices
- Developed an interactive chatbot interface for real-time predictions

Blinkit Sales Dashboard

https://github.com/Gourav123125/Blinkit-Sales-Dashboard

- Developed an **interactive Power BI dashboard** to visualize Blinkit's sales data, tracking KPIs like total sales, average rating, and item count.
- Performed **data cleaning and transformation** using Power Query and designed calculated measures using **DAX** for accurate insights.

Airbnb Data Analysis Project

https://github.com/Gourav123125/Airbnb-Data-Analysis-Project

A project analyzing Airbnb data for pricing and listing insights

- Analyzed Airbnb dataset to uncover insights into listing prices and neighborhood trends
- Explored relationship between room types and pricing using Matplotlib and Seaborn

Enhancv

PROJECTS

Google Trends Search Analysis Project

https://github.com/Gourav123125/Google-Trends-Search-Analysis-Project

A project focused on analyzing keyword search trends across various regions

- Developed a dynamic Python-based tool using Pytrends to analyze keyword search trends
- Visualized global keyword interest with world maps and trend graphs
