EDUCATION

Shri Vishwakarma Skill University , *Aug' 2023 – Present*
Bachelor of Technology in Computer Science Engineering(with Specialization in AI & ML) *CGPA: 8.66/10*

SKILLS

- **Programming:** Python, SQL, C/C++, OOP, Data Structures & Algorithms
- **Machine Learning:** Scikit-learn, Supervised & Unsupervised Learning, Feature Engineering, Model Evaluation, Hyperparameter Tuning
- **Deep Learning & NLP**: TensorFlow, Keras, PyTorch, CNN, RNN, LSTM, Transformers, NLP, OpenCV
- **Generative AI & LLMs:** Generative AI, LLMs, Prompt Engineering, RAG, AI Agents, Embeddings, Vector Databases, LangChain, LangGraph, Hugging Face
- **Data Science:** NumPy, Pandas, SciPy, EDA, Data Cleaning, Data Preprocessing
- **Deployment & Cloud**: FastAPI, Flask, Streamlit, Docker, REST APIs, Git, GitHub, GCP, IBM watsonx.ai, IBM watsonx Orchestrate

EXPERIENCE

Artificial Intelligence Intern Jan 2026-Jul 2026
IBM SkillsBuild

- Developed hands-on expertise in **Generative AI**, Prompt Engineering, IBM watsonx.ai, IBM Cloud, and AI Agents.
- Built **TalentMate**, an AI-powered HR Assistant using **IBM watsonx Orchestrate** for employee onboarding, policy assistance, leave management, and interview scheduling.
- Experimented with foundation models, structured/freeform prompts, prompt optimization, and agent workflows to create enterprise-oriented AI solutions.

Data Science Intern Jun 2025 – Aug 2025
Codec Technologies Pvt. Ltd.

- Worked on data analysis and machine learning tasks using Python and relevant libraries
- Performed data cleaning, preprocessing, and exploratory data analysis (EDA) on real-world datasets
- Built and evaluated machine learning models for predictive insights
- Generated visual reports and dashboards to support data-driven decision making

Python Development Intern Aug 2024 – Sept 2024
Octanet Services Pvt. Ltd.

- Developed Python-based applications and solved real-world problem statements
- Implemented core programming concepts including data structures and logic building
- Worked on project-based learning to enhance backend development skills
- Improved code efficiency and debugging skills through hands-on development

Technical Team Lead Jan 2024-Jul 2024
Trackila Smart Innovations Pvt. Ltd.

- Led end-to-end development of the **Where Is My Bus** app featuring real-time GPS tracking and automated fare calculation.
- Implemented ML algorithms for route optimization and ETA prediction, achieving 92% prediction accuracy.
- Managed a cross-functional team of 8+ engineers and designers, coordinating development and feature delivery.

PROJECTS

AI-Based Deepfake Detection System | *Python, PyTorch, CNN, EfficientNet, LSTM, Computer Vision, Grad-CAM,Flask*

- Developed a hybrid deep learning model achieving **90% accuracy** for detecting AI-manipulated images and videos.
- Integrated **EfficientNet-B4, CBAM Attention, Frequency Analysis, and LSTM** to capture spatial and temporal manipulation artifacts.
- Applied **transfer learning** to improve model performance and deepfake detection capabilities.

AI-Based Cattle & Buffalo Breed Classification | *Python, TensorFlow, Keras, CNN, Deep Learning*

- Developed a **CNN-based** image classification system for identifying cattle and buffalo breeds.
- Trained the model on labeled livestock image datasets and achieved **92% classification accuracy**.
- Applied **image preprocessing, data augmentation, and feature extraction** to improve model generalization.
- Built a computer vision pipeline capable of handling variations in lighting, pose, and background conditions.

AI-Based Stock Market Price Prediction System | *Time-Series Forecasting, Machine Learning, Pandas, NumPy*

- Developed an **LSTM-based** time-series forecasting model for predicting stock prices using historical market data.
- Collected and processed **S&P 500 market data** using the Yahoo Finance API.
- Performed data preprocessing, feature engineering, model training, and performance evaluation.
- Achieved and developed an interface for generating prediction insights.

CERTIFICATIONS & ACHIEVEMENTS

- Oracle Certified Data Science Professional
- Awarded by the Hon'ble Chief Minister of Haryana for startup innovation.
- Certificate of Completion of Deloitte Australia Data Analytics Job Simulation
- Qualified internal rounds of Smart India Hackathon (SIH) twice.
- Shortlisted among 4500+ teams for the mentoring round in Hack4Delhi Hackathon
- Secured high position in Inter-University Table Tennis Tournament
